Introducing VolunHeroes

VolunHeroes is a Wates Giving funded supported volunteering group for people aged 25+ and welcomes anyone who feels they need a little extra help to volunteer including those with disabilities, mental health issues or those who face other barriers to volunteering or work. Tackling volunteer projects in Gosport, members of the group will learn new skills, meet new people and develop their confidence.

Co-ordinator Sue Greene says:

“I am really pleased to be involved in this new community group. We are building a volunteering team, learning about other community groups in Gosport and finding out how we can help them, while at the same time developing our own confidence in a supportive environment.”

The group currently meet every Tuesday from 11am to 1pm at the Henry Cook Centre (previously Waterside Community Church). New members are welcome! For further information please contact Sue Greene on 02392 604694 (Mondays and Tuesdays) or please email volsupport@gva.org.uk

Working in Partnership to Reduce Loneliness & Social Isolation

Gosport Voluntary Action and Age UK Portsmouth have been awarded funding from the National Lottery's Partnerships Fund and are working together with South-Central Ambulance Service and the University of Portsmouth to reduce loneliness and isolation amongst older people.

The three-year project, called 'Close Encounters' aims to alleviate pressure on ambulance services, offering support, advice and companionship to older, frequent callers with no medical need.

The project is divided into independent strands which will work cohesively with one another to deliver the aims of the project.

GVA will continue to deliver their existing Befriending and Advocacy service as part of the project, however the age requirement to access the service has been lowered to 55 years old.

People who are housebound and/or very lonely but want to continue living independently could be offered GVA's befriending opportunities such as having one-to-one visitor once a week and in time can choose to attend a Come Here and Talk (CHAT) social group.

The Advocacy service can help people to understand their rights and support them to get their views across, such as at appointments and meetings. Volunteer advocates are independent of statutory services and local government. They represent wishes without judging or giving their personal opinion.

All services are free and all Advocates and Befrienders are volunteers, with enhanced DBS checks undertaken and references acquired.

For more information, please contact Dawn Ward on 02392 601314 or homeserve@gva.org.uk or visit www.gva.org.uk

Dustbusters Go the Extra Mile

GVA's Dustbusters Team were recently featured in the Gosport Globe when a GVA Dustbuster worker arrived at the appointed time but could not get a reply at a customer's home. Concerned that the person might be needing help, Dustbusters swung into action, phoning local hospitals in case the person had been admitted and then contacted the police and due to safety concerns, broke in to make sure the occupant was ok. No one was there and it transpired that the customer had been away but, as their memory was not what it used to be, they had not told the cleaners beforehand.

Dustbusters is Gosport Voluntary Action's accredited not-for-profit domestic cleaning service for residents who are older, vulnerable, or have a disability. GVA's Home Services Manager, Dawn Ward, said the incident showed, "that people in Dustbusters are not just cleaners but have a duty of care to all our customers".

Top Tips For Writing Funding Applications from NCVO

Be positive in your application - Use positive language. Talk about what will happen when you get the money. This will help the funder feel confident that you can make a difference. It also helps you show that your project does not begin and end with this application.

Offer a human story - Try to include case studies of people you have helped or plan to help. This lets you show the impact of your work.

Avoid jargon - Keep the language simple so an outsider can understand the issues. Only use jargon if the funder has used the terms themselves.

Offer evidence for your cause - Support any claims you make with evidence, for example: government statistics, data you've collected from surveys or market research, monitoring information or extracts from reports by relevant agencies. Provide enough to back up specific statements.

Provide a budget - The budget should explain how the money will be spent on the project. If possible show how you determined the costs and remember to include things like insurance, utilities and legal fees. Your budget should be realistic and clearly relevant to your activity.

Check your application again, and again - Get someone outside the project team to read your application before you send it. They can look for errors or inconsistencies and ask for explanations.

Volunteers' Week 2019

Volunteers' Week is a chance to celebrate, raise awareness and say thank you for the fantastic contribution volunteers make across the UK. It takes place 1-7 June every year and is an opportunity to celebrate volunteering in all its diversity. GVA is planning outreach and celebratory events throughout the week, including:

Monday 3 June - 10am to 2pm, outreach at Gosport Leisure Centre

Wednesday 5 June - 6pm to 9pm, Volunteer Awards Evening at Jervis Gallery, St Vincent College (invite only)

Friday 7 June - 10am to 2pm, outreach at Gosport Discovery Centre

Please see page 2 of this newsletter for more information on the Volunteer Awards Scheme and how to nominate your volunteers.

Quick Guide to Best Practice

If you are looking to start recruiting volunteers, we suggest the following documents as a minimum are created prior to starting your recruitment:

- Volunteering Policy
- Role Description
- Volunteer Application Form/Reference request
- Volunteer Agreement
- Induction Checklist

The Go Volunteer Team can provide template documents to help get you started.

Once your documents are finalised, we suggest taking the following steps when recruiting volunteers:

1. Create role advert and promote – through GVA, put up posters, promote on social media etc.
 2. Volunteer registration – volunteers complete a registration form
 3. Informal chat/interview/placement –keep the meeting informal and friendly, this is not a paid role. Make sure you go through the role description with the volunteer so you are all clear on what is needed
 4. Volunteer agreement/references– these should be completed before the volunteer starts.
 5. Induction and training – as required
- Please do not hesitate to contact the team for further information or support.

Time Well Spent - A National Survey on the Volunteering Experience

Two years ago, when NHS hospitals – among other organisations around the world – were attacked by ransomware hackers, one of the first to have their computers back up and running was the Lister Hospital in Stevenage. It did not pay the hackers a penny. Instead, Hertfordshire police provided a team of young techies from their squad of volunteers, whose employers encouraged their staff to support local charities and public services. Welcome to 21st century volunteering!

The scale of volunteering in today's Britain is prodigious. Two in five adults – almost 20 million people – have taken part within the past year. The vast majority, 96%, are happy with the experience. 81% do their volunteering in and for their local communities.

These figures come from a survey of more than 10,000 people conducted by YouGov for NCVO. It provides the most detailed analysis of volunteering for a decade. To read the full report, please visit:

Lottery update

Running since September 2018, the Gosport Community Lottery has already made a real difference to the local community. As at March 2019, we've seen Gosport good causes receive £12,923 in payments and are delighted to report the lottery has awarded £2,901 worth of prizes to 610 winners!

The Gosport Community Lottery is managed by Gosport Voluntary Action and Gatherwell Ltd (External Lottery Manager) and supported by Gosport Borough Council. It was set up to support community projects in the local area, and operates on the principle of raising money within the community, for the community. Tickets cost just £1 each and deliver 60% back to local good causes, in comparison to just 28% contributed by the National Lottery. The remaining 40% goes back into the prize fund and pays for the running costs.

If you are interested in this fun and effective way to raise funds for your good cause please get in touch today! Joining is easy and FREE. What's the catch? There isn't one! No fees, no administration, no hassle. All you need to do is shout about the Gosport Community Lottery to your supporters and the community. Please visit www.gosportcommunitylottery.co.uk or phone 02392 583836 to find out more.
